Sept. 16 Games, Birthdays

Both Story Time and Toddler Time Have been Postponed until October

25th Annual Peanut Festival

For 25 years the Aubrey Area Library has proudly sponsored the Peanut Festival, not only as a fund raiser, but to celebrate the historic farming roots of the Aubrey Area. On the first Saturday of October, civic leaders and organizations, businesses, and schools have come together to continue the tradition of a Main Street parade, exhibits, arts and crafts, music, food, and fun games and contests.

The Aubrey community leadership, took the initiative to build one of the finest libraries in the area because they understood the innumerable benefits a public library provides for its population. Through the foresight of those early founders and those many dedicated sponsors, the Aubrey Area Library has been able to provide needed and valuable services and programs for our citizens, from the youngest to the most senior.

The Peanut Festival has been the major fundraiser for the library these past 25 years, and for 25 years the community rallied in support. Please join us for a "peanutty" good time on Saturday, October 2 when the Library founders will be honored and the Peanut Festival hosting will be transferred to The Aubrey Main Street Committee.

September Computer Classes
